KASFold 500HCS - Snail Cartridge

Trimmer - Available for all models

WATKISS BOOKMASTER 30

Unique staple system requires virtually zero maintenance

Staples are well formed from 2 to 22 sheets

Fully automatic size adjustment

Up to 2,500 per hour

Optional SpineMaster for square back books

WATKISS DOCUMENT FINISHING SYSTEM

Digital Sheet Feeder from 2 to 8 bins, upgradable on demand

320 x 482mm sheet size

Up to 6,000 sheets per hour

Compatible with Bookmaster booklet maker

WATKISS POWERSQUARE 160

Available from Q1 2017

Can take substrates from 60 – 400gsm

From 8pp to 160pp booklets

Digital Sheet Feeder

200 x 200mm to 370 x 620mm including A4 landscape books

60 - 400gsm dependent on paper type and quality

WATKISS POWERSQUARE 224

Nearline, Inline or Offline Versions available

From 8pp to 224pp booklets

Up to 6 stitches per booklet

Up to 10,860 sheets per hour

Optional book stacker and two knife trimmer

FOILING

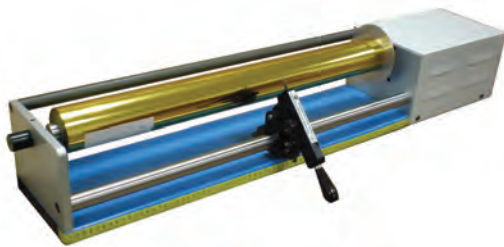

FOILTECH FT-12 FOILTECH FT-12AF

Max paper size 320mm x 300M
Min paper size 110mm x 50mm
Max Roll widths 300mm
Max Paper thickness 350gsm
Speed 800mm per minute to 3250mm per minute
Single Foil

FOILTECH FT-22 FOILTECH FT-22AF

Max paper size 320mm x 300mm
Min paper size 110mm x 50mm
Max Roll widths 300mm
Max Paper thickness 350gsm
Speed 800mm per minute to 3250mm per minute
Dual Foil

FOILTECH FC-80 CUTTER

Maximum Roll Width: 670mm
Maximum Roll Length: 305mm
Core Diameter: 25.4mm
Physical Size: 1020mm long x 230mm wide x 320mm high
Shipping Size: 1040mm long 250mm wide 330mm high
Net Weight: 15.5 kg

The FoilTech machines are desktop solutions for digital foiling applications. It is also called Foil Fusing and Sleeking.

The foils react to toner and therefore it is possible to get the smallest area foiled. The foils come in many different colours and it is even possible to resemble Spot UV applications. The FoilTech machines come with single roll and dual roll versions.

We also offer a foil cutting Solutions, to cut foils to the exactly needed size, which helps wasting foils and saving money.

- Automatic Friction Feed
- Simple Operation with touch screen
- Easy and quick foil change over
- Up to 650 A4 sheets per hour
- Wide variety of foils

PUNCHING | BINDING WIRE | PLASTIC SPIRAL

ENTRY ELECTRIC PUNCHING PB3300

Punching and Closing performed by electric foot pedal
Easy and quick tool change and size adjustment
Max 330mm wide sheets
Up to 25 sheets capacity
Up to 31.8mm closing capacity

P3400

Punch bites up to 30 sheets (80gsm)
Punching, ejection and stacking in ONE operation
Fast and easy punch tool change over
Easy and accurate vertical sheet insertion
Max sheet size 340x340mm
Up to 60 cycles per minute

HEAVY DUTY PUNCHING P500

Punch bites of up to 2.5mm regardless of material
Convenient tool storage underneath the tray
Large confetti tray
Disable pins on punching tools
Max sheets size 500mm wide

EPX700

Wide variety of punching tools incl. perforating tools
Interchangeable punching tools with EX610
Max sheet widths 700mm
Up to 3.0mm punching capacity
Up to 90 cycles per minute

AUTOMATIC PUNCHING - DocuPunch Mini

Touch pad control for simple operation
Tool change in seconds
Automatic Feeder
Tab feeding Option
Max 300x300mm sheet size
Up to 10,800 sheets per hour
Desktop or Stand Option

AUTOMATIC PUNCHING DocuPunch

Quick and easy set up
Automatic Feeder
Fast tool change
Compact in size
Max 330x300 sheet size
Up to 70 cycles per minute

AUTOMATIC PUNCHING AlphaDoc

Automatic Feeder
High productivity with up to 90 cycles per minute
Touchpad for simple set up and operation
Wide variety of punching tools
Max sheet size 350x330mm

PUNCHING | BINDING WIRE | PLASTIC SPIRAL

SEMI AUTOMATIC CLOSING

EB 3500/5000/7000 - Wire closer

Simple and quick size adjustment
Optional hanger feeder on EB5000/7000
Optional stand for EB5000/7000
Max sheet size widths 350mm/500mm/700mm
Closing Capacity up to 38mm (EB3500)

PB3300 - Electric Punch & Closer

Punching and Closing performed by electric foot pedal
Easy and quick tool change and size adjustment
Max 330mm wide sheets
Up to 25 sheets capacity
Up to 31.8mm closing capacity

AUTOMATIC CLOSING

Wire-O Bind Mini - 300mm wide - 3:1- 2:1

Entry Level automatic inserting / closing

Wire-O Bind 3500 / 5000 - 350 / 500mm wide

500 to 1000 books/ per hour depending on size
Optional hanger feeder

SPIRAL BINDING - PLASTIC

ERCO3300 - Manual Inserting

Coilmaster Junior

From 8mm to 25mm spirals
Up to 600 books per hour
Easy size change
Colour Touch screen

SPIRAL BINDING - METAL

SFI 330

Semi Auto metal wire former and inserter

INDUSTRIAL PUNCHING & BINDING

HIGH VOLUME AUTOMATIC PUNCHING EX610

Running up to 7,200 cycles per hour
Punches virtually any type of stock
Tab cutting option
High Pile delivery with trolley or conveyor option
Max sheet size 610x530mm

HIGH VOLUME AUTOMATIC PUNCHING EM450

Machine for signature punching applications
Up to 10,000 cycles per hour
Optional EMC module with lateral knife
SP model has automatic size adjustments
Automatic synchronization with folding machine

HIGH VOLUME WIRE CLOSING BB50

High Output for sheet sizes from 5 to 50cm
Up to 1,200 documents per hour
Instant pitch change between 3:1 and 2:1
Skip binding facilities
Up to 22mm book thickness

INDUSTRIAL WIRE BINDING SOLUTIONS BB400 Speedbind

Up to 3,000 A4 documents per hour
Bind or punch& bind version available
Fully automatic and can be run by one operator only
Closing range from 6.4mm wire to 25.4mm wire
with multiple skips binding
Optional board feeder
Inner sheets can be punched in line with the BB400P
Max sheet 400 x 400mm | Min sheet 110x110mm

INDUSTRIAL WIRE BINDING SOLUTIONS BB520P Speedbind

Automatic high speed punch & bind machine
Designed for wall calendars
Format from 250 x 210mm to 520x800mm
Up to 3,000 calendars per hour
Punch thickness up to 5mm

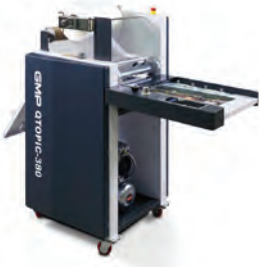

LAMINATING FROM DESKTOP TO A2 PRODUCTION

GMP EXCELAM
355/650mm wide
Up to 3m per minute
Single or double sided

SD-LAM-51CA
Sheet size: 520x720 mm
Paper weight: 110-350 gr/m2
Speed: 12 m/min
Pressing force: 18 kN
Machine weight: 450 kg
Machine dimension:
290x110x160cm
Auto Burst/Decurling/
Stream Feeder

GMP Q-TOPIC 380
380mm wide
Up to 10m per minute
Decurling
Auto Burst
Small Footprint

SD LAM-503
Sheet size: 520x720 mm
Paper weight: 110-600 gr/m2
Speed: 30m per minute
Pressing force: 23 kN
Machine weight: 950 kg
Machine dimension:
290x110x160cm
Auto Burst/Decurling/
Stream Feeder

TAULER SmartB3
450mm wide
Up to 10m per minute
Decurling
Auto Burst
Hand Fed
Made in Europe

TAULER SmartMatic 2
Up to 540mm wide
Up to 790mm long
22m per minute
Stream Feeder
Decurling

TAULER SmartB3Matic
Auto Feed
450mm wide
Up to 10m per minute
Decurling
Auto Burst

LAMINATING FROM DESKTOP TO A1 PRODUCTION

SD LAM-702

Sheet size: 720x1040 mm
Paper weight: 110-350 gr/m²
Speed: 30m per minute
Pressing force: 33 kN
Machine weight: 1150 kg
Machine dimension: 320x130x160cm
Auto Burst/Decurling/Stream Feeder

PRINTLAM CTI

Up to 750mm wide
Up to 1050mm long
30m/min
Stream Feeder
Decurling
Auto Burst
Up to 450gsm

SD LAM-760

Sheet size: 720x1040 mm
Paper weight: 110-350 gr/m²
Speed: 50m per minute
Pressing force: 43 kN
Machine weight: 2100 kg
Machine dimension: 5,3x1,5x1,6m
Auto Burst/Decurling/Stream Feeder

SD LAM-120

Sheet size: 1200x1600 mm
Paper weight : 110-600 gr/m²
Speed: 20m per minute
Pressing force: 45 kN
Machine weight: 2500 kg
Machine dimension: 7,8x2x1,7m
Auto Burst/Decurling/Stream Feeder

Specialty laminators, card board laminators and PET-Cutters also available on request.

WIDE FORMAT LAMINATING AND TRIMMING

EXCELAM SERIES
650 or 1080mm wide
Independent Temp Control
Mounting Feature
Double Sided

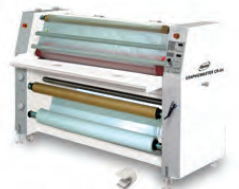

EXCELAM Q SERIES
1100 or 1670mm wide
Independent Temp Control
Mounting Feature
Rewinder

EXCELAM Q SERIES COLD
1400 or 1600mm wide
High speed Laminating
(Up to 5m per minute)
Mounting up to 13mm

DISPLAY 64 COMBI
1600mm wide
Ideal for the busy sign shop
Fast - reliable - best results

GRAPHICMASTER MINI
1600mm wide
Heavy Duty Stand with Swing Shaft
Up to 5m per minute
Auto Grip Shaft
Pneumatic Pressure

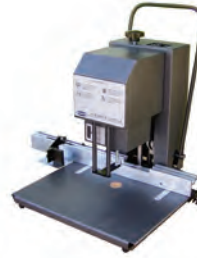

TRIM BOARDS
Cutting Length: From 100 to 250 cm
Max cutting thickness: 0.8 mm
Height with stand: 98 cm
Robust build, steel frames
Stands are optional

DRILLS | ROUND CORNERING JOGGER | PERFECT BINDING

MS-5 DRILL
Up to 5 drill heads
Hydraulic Table
Foot Pedal Operation
Up to 13mm drill bits

LABEL & ENVELOPE PRINTING SOLUTIONS

Intec Colorsplash Digital Envelope Production System

Includes the professional envelope feeder and Intec shingling conveyor.
Available with standard 4 colour imaging configuration or 5 colour imaging configuration.

Intec LP215 Label Printer

Compact enough to sit on a desktop, the LP215 prints onto a vast array of die-cut, matrix removed and retained media as well as continuous roll substrates.
Print high definition full colour labels using standard CMYK toner set
Add white or UV White (for security marks)
Suitable for coloured and transparent polyester, PETs and coloured papers
Interchangeable with black option for cost-effective, standard four colour process labels
Label Finishing System also available

We offer service and support for all machines we sell, including second hand equipment through our national network.

We offer repairs of small machines (back to base) up to industrial machines.

AGS is our preferred partner for all service work and repairs, and they offer specific

expertise in the field of electrics and electronics including machine relocation and re-wiring of complete factories.
